RE: Covid19 Closure Update

Dear Norplex-Micarta Customers,

Thanks again for your patience as we addressed the Positive Covid case within our workplace last week. I am happy to report that all employees are back to work, a full deep cleaning was completed and we were able to get back to full operations within about 48 hours from the time we learned of the test result. Production started up as planned on the afternoon of July 1st.

While not something we had hoped to experience, it did boost our confidence that we are prepared for and can handle an isolated case. We did have several employees that sought precautionary testing, and all results came back negative.

Since returning from the Holiday weekend, we are working on current orders in addition to a few that were impacted by the closure; our expectation is to have everything current again by the end of week. Sorry again for any negative impact your business may have experienced.

Best Regards,

A handwritten signature in blue ink, appearing to read "Dennis Ford", is written over a circular blue stamp or mark.
